BRIEF ABSTRACT OF LETTER.

Requesting permission to have a portion of the printing work of the Oriental Library done at the Press as otherwise no progress can be made in the work of it

NOTES AND ORDERS.

1) The printing work of the University is done at the Mysore Branch Press which was specially equipped for the purpose (Vide G.O. No. G. 2385b-61/G.P. 42-17-21 dt. 17th April 1919) The University while it pays for all its

printing work done at the Govt Presses. is not expected to contribute ~~for~~ to the Expn on equipment ~~of~~ of the Press.

2) The equipment of the Branch Press for printing the publications of the Oriental Library has not been satisfactory as the Devanagari types available at the Branch Press are old & battered The University has been urging (for the past several years) the need for suitably equipping the Press if the work of the Library is to make satisfactory progress.

3) A provision of Rs. 25,000 was made in the Press Budget for 1919-20 for the purchase of Devanagari types but owing to the failure of the Contractor to make the supply, the provision lapsed. As it has not been found possible to renew the provision owing to paucity of funds, the work of the Oriental Library is handicapped.

4) When the University renewed their request during 1921-22, they were

offered the option of having the Library work printed at private presses, but they reported at the time that there is no private press in the state suitably equipped to undertake the entire printing work of the Library.

3) The present request is for permission to have a portion of the Library work done at private presses, probably such of it as cannot be got through at the Branch Press. The opinion already on record on this question favours the grant of this request.
